

## STC ITEMS IN THE STATE LIBRARY OF VICTORIA

THIS RECORD OF THE HOLDINGS of the State Library of Victoria for the STC period is based on an examination of the shelves in those parts of the collection either known or presumed likely to contain English books printed before 1641. To that extent it is substantially complete, both for catalogued and for uncatalogued items. The only known exclusions are items so defective that identification was impossible. Many other items are defective in some degree: only the more seriously so are indicated by 'def' in the following list.

References from the sequence before 14045.5 are to the first edition of STC (*A Short-title catalogue of books printed in England, Scotland & Ireland and of English books printed abroad 1475 - 1640*, compiled by A.W. Pollard and G.R. Redgrave, London, 1926), references from the sequence 14045.5 onwards from volume 2 of the second edition (revised and enlarged by W.A. Jackson and F.S. Ferguson, completed by K.F. Pantzer, London, 1976).

The comparison of book-in-hand with STC entries reveals a certain amount of deviation of one kind or another. Some deviations represent corrections to the original STC and will be incorporated in the revised volume 1; others will be the subject of notes to entries; others probably are no more than elaborations of existing entries.
